

ILLINOIS RULES OF THE ROAD

WORKBOOK

SECRETARY *of* STATE | ALEXI GIANNOULIAS

Make the choice that is right for you ...

goes into effect **May 7, 2025.**

Your current Illinois driver's license or ID card (DL/ID) will be accepted at airports until May 7, 2025. You now have the choice to obtain a REAL ID card or to keep a standard card. Take time to know your options.

You **DO NOT NEED** a REAL ID if:

- You have a valid U.S. passport or passport card; or
- You do **not** use airplanes as a mode of domestic transportation; or
- You do **not** visit military bases; or
- You do **not** visit secure federal facilities.

You **NEED** a REAL ID if:

- You do **not** have a valid U.S. passport or passport card; AND
- You use airplanes as a mode of domestic transportation; or
- You visit military bases; or
- You visit secure federal facilities.

Action	Standard DL/ID	REAL ID DL/ID
Driving (DL only)	YES	YES
Using for general identification purposes	YES	YES
Boarding a domestic flight (U.S.) after May 7, 2025	NO	YES
Entering a military base or secure federal facility after Oct. 1, 2021	NO	YES

A PRACTICAL GUIDE FOR ILLINOIS DRIVERS

Motorists who know the rules of the road and practice defensive driving are vital to making our roadways safer for everyone. The *Illinois Rules of the Road* manual is your guide to being a responsible and skilled driver.

The Rules of the Road Review Course is designed to give drivers — especially seniors — the knowledge and confidence needed to renew or obtain a driver's license. The Review Course combines an explanation of the driving exam with a practice written exam. The questions and information in the Rules of the Road Review Course are provided only to help you measure your knowledge of driving skills and Illinois traffic laws. You will not be graded on your answers on the practice exam.

Along with a thorough review of the *Illinois Rules of the Road* manual, the Review Course is a valuable tool in refreshing your knowledge of Illinois driving laws, traffic signs, and practical driving skills. I commend you for taking this step in improving your driving skills and helping to make Illinois roadways safer.

As of May 7, 2025, the federal government will require your driver's license or ID card (DL/ID) to be REAL ID compliant for identification to board a domestic flight. Not every person needs a REAL ID card, so we offer you a choice. You decide if you need a REAL ID or a standard DL/ID. More information is available on the following page.

Federal Limits Apply

Application Process for Standard Driver's License or ID

If an applicant's DL/ID is currently valid and not expiring soon, he/she does not need to do anything.

STEP 1: If an applicant's DL/ID is expiring soon, he/she should visit a Secretary of State Driver Services facility and take the photo and the required exams.

STEP 2: Receive a temporary, secure paper DL/ID at the facility.

STEP 3: After review and verification of documents have been conducted, the applicant's new permanent standard DL/ID will be mailed to him/her within 15 business days.

For domestic travel, a U.S. passport or a REAL ID card is acceptable. For international travel, a U.S. passport is necessary.

For additional information about passports: npic@state.gov or 877-487-2778.

Application Process for REAL ID Driver's License or ID

STEP 1: Applicant visits a Secretary of State Driver Services facility and takes photo and the required exams.

STEP 2: All applicants must provide proof of identity. (Examples are: a certified U.S. birth certificate, a U.S. passport, an employment authorization document, a permanent resident card or a foreign passport with an approved I-94 form.)

**Name change documents, such as certified copies of a marriage certificate, etc., will be required if the applicant presents a certified birth certificate with a name different from his/her current name. Please note: Multiple name change documents will be required if the applicant's name has changed multiple times.*

STEP 3: All applicants must provide proof of full Social Security number (SSN). (Examples are: an SSN card, a W-2 or a pay stub with full SSN.)

STEP 4: All applicants must provide two current residency documents with the applicant's name. (Examples are: a utility bill, rental agreement, deed/title or bank statement.)

STEP 5: All applicants must provide proof of signature. (Examples are: a credit/debit card, canceled check or current Illinois DL/ID.)

STEP 6: Receive a temporary, secure paper DL/ID at the facility. **Please note that the TSA and federal agents will not accept the paper document.*

STEP 7: After review and verification of documents have been conducted, the applicant's new permanent REAL ID card will be mailed to him/her within 15 business days.

OBTAINING AN ILLINOIS DRIVER'S LICENSE OR ID CARD

NEW LICENSE, NEW FEATURES

We have implemented a new process for issuing Illinois driver's licenses/ID cards. Under the new process, **you won't receive a new permanent driver's license/ID card at the end of the application process when visiting a Driver and Motor Vehicle facility (DMV)**. After fraud checks have been conducted to ensure your identity, a high-quality, secure driver's license/ID card is printed at a central facility and sent via U.S. mail within 15 business days to the address on your card.

At the DMV, you will receive a temporary, secure paper driver's license or ID card, which is valid for 90 days. In addition, the DMV employee will return your old driver's license/ID card to you after punching a hole in it.

REAL ID

You now have an option to obtain a REAL ID or keep your current standard card. Your current driver's license/ID card (DL/ID) will be accepted at airports until **May 7, 2025**. You do **NOT** need a REAL ID if you have a valid U.S. passport or passport card **OR** you do **NOT** use airplanes as a mode of domestic transportation. If you choose to obtain a REAL ID, you should know that the application process differs from the process for a standard DL/ID.

To obtain a REAL ID, you **must visit your nearest DMV** and take your photo and any required exams.

You must also provide the following:

- Proof of identity — (example, certified birth certificate or valid U.S. passport). Suppose your current name is different from the name on your birth certificate. In that case, you must supply supporting name change documents, such as a certified marriage certificate or divorce decree.
- Proof of full Social Security number — (example: Social Security card or pay stub).
- Proof of current residency — **TWO** documents (example: bank statement or canceled check).
- Proof of signature — (example: credit card or current Illinois driver's license).

You may also visit REALID.ilsos.gov and use the interactive document checklist. This checklist is designed to help ensure you bring in all federally required documents. After review and verification of documents, your new permanent REAL ID card will be mailed to you within 15 business days.

NO NEED TO REPLACE IMMEDIATELY

If you have a valid driver's license/ID card, you don't have to obtain the redesigned card immediately. Existing cards remain valid until their date of expiration. For at least four years, there will be more than one valid driver's license/ID card until the old design format is phased out.

There are no changes to driver's license/ID card fees. In addition, there are no procedural changes to the Safe Driver Renewal program.

YOUR ADDRESS MATTERS

With the new process of central issuance of a driver's license/ID card, it is critical that you keep an updated address with the Secretary of State. State law requires that you notify the Secretary of State of an address change within 10 days.

If you have not received your permanent card after 15 business days, you may check the status at ilsos.gov.

EARLY RENEWAL

- If you are 21-86 years old, you may renew your driver's license up to one year before the license expires.
- If you are 87 or older, you may renew up to six months before your license expires.

VISION SCREENING

Your vision will be screened to determine if you see well enough to drive. In place of this screening, you may submit a Vision Specialist Report (see pages 25-26) completed by a licensed optometrist, ophthalmologist, or physician dated within six months of your DMV visit. Forms are available at your local DMV or at ilsos.gov. If you need to wear glasses or contact lenses, your license will note a restriction. You must always wear your glasses or contact lenses when you drive.

WRITTEN EXAM

The written exam consists of 35 questions, 15 of which will address traffic sign identification, and the remaining 20 will either be multiple-choice or true-false questions.

DRIVING EXAM

If you are a new driver or 79 years old or older, you must take a driving exam to demonstrate driving ability. You must provide a vehicle that is licensed and properly equipped for the driver's license classification you are seeking. You must show proof of vehicle insurance. During the driving exam, which will allow you to drive passenger vehicles, you will be graded on your ability to do the following:

- Start the vehicle
- Start uphill
- Proper speed usage
- Back the vehicle
- Park downhill
- Proper lane usage
- Turn about
- Start downhill
- Park uphill
- Control your vehicle

ORGAN/TISSUE DONOR REGISTRY

During the driver's license application/renewal process, you will be asked if you wish to join the Illinois Organ/Tissue Donor Registry. Your decision to be an organ/tissue donor is legally binding. Additional witnesses or family consent is not required for donation to occur. See back inside cover for more information on registering to be a donor.

ILSOS.GOV

You are required to bring this notice with you.
CDL Holders Only - Eff. 07-01-15, you must provide proof of U.S. citizenship or legal presence to renew your CDL.
Visit ilsos.gov for acceptable CDL Proof of Legal Presence documents.

If you are an honorably discharged U.S. veteran and wish to have a designation on your DL/ID indicating you are a veteran, you may apply by providing proof of discharge, issued by the U.S. government, such as a copy of your DD214 or summary of benefits letter at any Driver Services facility. If you need to obtain an official discharge document, you will need to contact the Illinois Department of Veterans' Affairs (IDVA).

Dear Friend:
Your Illinois driver's license or ID card will expire on
Please review the enclosed brochure because the process has changed. You can now choose between a standard DL/ID or a REAL ID-compliant DL/ID. If you opt to apply for a REAL ID, please ensure you bring the federally required documentation outlined in the brochure into the facility. To renew, you must prove any changes to your name, date of birth, and Social Security number and verify your signature or residency. Acceptable identification for these changes must be provided. Some of the documents you may use include: current photo driver's license/ID card, valid passport, certified birth certificate, Social Security card, naturalization certificate, adoption records, military service record (DD214), valid major brand credit card, recent utility bill, and canceled check dated within the last 90 days. If you are changing your address at the time of renewal, you must provide one document from the list of acceptable identification, with your new address. Other acceptable forms of identification (not listed) may be found in the current "Rules of the Road" or on the Secretary of State's website: ilsos.gov.

To renew your driver's license or ID card, please visit a facility location listed on the back of this notice.

Note: If you are required to take a road test, proof of vehicle liability insurance will be required. Road tests may be denied or discontinued due to unsafe road, weather or vehicle conditions. To self-certify CDL driving type per federal law or take a CDL written and/or drive examination, you must visit a commercial truck/bus center or designated CDL facility listed on the reverse side of this form. CDL drives are by appointment only; however, all CDL written exams must be successfully completed before scheduling a drive. For CDL drive appointments, visit our website or call at 217-785-3013 Monday through Friday, 8 a.m. - 4:30 p.m.

If your ability to drive might be affected by a medical or physical condition, you must bring a completed medical report with you. If a favorable medical report is not presented, you will be denied a driver's license. For your convenience, medical report forms are available at each facility and at ilsos.gov. You will also be asked if you wish to join the Organ/Tissue Donor Registry, which is explained in the enclosed brochure.

In addition, move over when approaching a stopped emergency vehicle. It is the law. Please protect those who protect us. And always slow down in work zones.

Illinois Secretary of State Document Requirements to obtain a Driver's License/State ID Card

The Acceptable Identification Documents chart (reverse) lists documents that may be used as forms of identification to provide proof of legal name, date of birth, Lawful Status, Social Security number and residency when applying for a driver's license (DL) or identification card (ID).

Please note the following:

- Signature comparison is required in the verification process.
- The number of documents required depends on whether you are applying for a DL/ID for the first time, or requesting a duplicate or corrected DL/ID.
- One document may satisfy more than one group.
- If you are a new resident, you must surrender all out-of-state licenses/ID cards before issuance of an Illinois DL/ID.
- If you are applying for a Temporary Visitor Driver's License (TVDL), you do not have to present documents from Group C. Instead, you must sign a declaration on the TVDL application that you are, at the time of application, ineligible to obtain a Social Security number.

First-time Illinois DL/ID or First-time REAL ID (even if you hold or have held a standard Illinois DL/ID)

If you are applying for a driver's license or ID card for the first time in Illinois, you must present:

Standard DL/ID

- One document that satisfies each of Group A, B, C and D.

REAL ID DL/ID

- One document that satisfies each of Group A, B and C, and two from D.

Duplicate DL/ID

If you are applying for a DL/ID, you must present:

Standard DL/ID

- One document that satisfies Group A.

REAL ID DL/ID

- One document that satisfies Group A.

Corrected Driver's License/ID Card Applicant

If you are applying for a corrected driver's license or ID card, you must present:

Standard DL/ID

- One document that satisfies Group A.
- One document from Group D if requesting an address change.

REAL ID DL/ID

- One document that satisfies Group A.
- Two documents from Group D if requesting an address change.

Illinois Driver's License/ID Card Renewal Applicant

If you are renewing a current Illinois driver's license or ID card, you must present:

Standard DL/ID

- One document that satisfies Group A.
- One document from Group D if requesting an address change.

REAL ID DL/ID

- One document that satisfies Group A.
- Two documents from Group D if requesting an address change.

NOTE: If you request a change in name, date of birth, Social Security number or gender, you must provide identification to link the change from the previous information to the new information.

DRIVING EXAMINATION

The driving exam is a demonstration of your everyday driving skills. After the exam, you will be informed of any corrections that need to be made.

BEFORE YOU BEGIN

Illinois law requires all drivers and passengers to wear safety belts, regardless of where they sit in a vehicle. Only those individuals with a physician's statement on letterhead are exempt. The physician's statement must be kept with the driver at all times.

The driving examination will allow you to demonstrate your ability to safely operate a motor vehicle. You must provide a licensed and properly equipped vehicle for the driver's license classification you seek. The vehicle must be driven to the DMV by someone with a valid driver's license or permit. Only the examiner will be with you during the exam.

You must show proof of insurance before the driving exam is administered. Before starting the driving exam, check your mirrors, adjust your vehicle's seat, and fasten your safety belt.

THE EXAMINER

The driving examiner will sit beside you and observe your driving skills. It is normal for you to be a little nervous. Remember that the examiner is a passenger and has no indication of your driving ability.

You may have acquired some potentially unsafe driving practices, even though you may have been driving for years with no moving violations or accidents. Perhaps there are some new laws you are not observing. The purpose of the driving exam is to identify those mistakes so you may correct them.

The examiner will grade your driving using a list of driving maneuvers. The examiner will follow a test route approved by the Secretary of State's office. Although the test route may cover unfamiliar roads, it is important to remember that a driver's license gives you the right to drive on all roads.

The examiner will not trick you. If you do not understand their instructions, please ask for an explanation.

After your driving exam, the examiner will give you the results. Please keep in mind that the examiner is only an observer and has the responsibility to inform you of any mistakes. You are encouraged to correct those mistakes, not only for your safety but also for the safety of others.

DRIVING EXAM GRADING

You will be graded on your ability to perform the following driving skills. You will automatically fail the exam if you violate any traffic law or commit any dangerous action while taking the exam.

USING TURN SIGNALS

Illinois law requires the use of turn signals. It is not a choice. Turn signals are required BEFORE:

- Turning any corner, even if no one is coming.
- Turning into any driveway, parking lot, or parking space.
- Changing lanes of traffic.
- AFTER passing another vehicle.
- Pulling over to or pulling away from any curb.

LEAVING A PARKING LOT OR DRIVEWAY

Illinois law states that you stop before entering any street from a driveway, parking lot, or alley. If you are leaving the parking lot at the DMV, stop before entering the street. There may or may not be a stop sign present. You should also use your turn signal, if appropriate, and yield until it is safe to proceed.

STOPPING

Stop behind the white line or crosswalk. If there is no white line or crosswalk, stop before entering the intersection. Rolling stops are automatic failures on the driving examination.

TURNING A CORNER

When turning a corner from a two-way street onto another two-way street, stay in your own lane and then turn into the lane where you will be driving. Do not cut corners.

HILL PARKING

Signal toward the side of the road where you wish to park. Stop your vehicle parallel to the road, within 12 inches of the curb or edge.

If you park on a street with curbing and your vehicle is heading downhill, turn the front wheels toward the curb. If you park your vehicle headed uphill, turn the front wheels away from the curb. If you park on a street without curbing and your vehicle is heading downhill or uphill, turn the wheels toward the side of the road on which you are parked. In either situation, set the parking brake and put the gear selector in "Park."

When leaving the curb, release your parking brake, turn the wheels from the side of the road, and use your turn signal. Look for oncoming traffic. When it is safe, pull slowly onto the street.

TURN-ABOUT

You will be asked to turn your vehicle around by turning left into an alley, roadway, or driveway. Be sure to signal before turning. When you back out, stop before entering the sidewalk, street, or highway. Yield to pedestrians and all vehicles. When backing, check all rearview mirrors and look over your right shoulder. When backing to the right, don't back over the center line.

ONE-WAY TURNS

When turning onto a one-way street, turn into the first lane you come to. After you have completed your turn, turn on your turn signal again, look back, and move into the other lane when it's safe.

MULTIPLE-LANE TURNS

When turning left onto a multi-lane street, turn into the inside lane (left-hand lane). After you have completed your turn into the inside lane, turn on your signal light and move into the right-hand lane when it's safe.

When turning right into a multi-lane street, turn into the first lane you come to (right-hand lane). After you have completed your turn into the right-hand lane, turn on your signal light and move into the left-hand lane when it's safe.

BACKING VEHICLE

You will be asked to back your vehicle for a short distance. Check first to see if it is clear. Look over your right shoulder if possible. If not, inform the examiner that you cannot because of a physical condition. If you cannot see in back by looking, use your rearview mirror and side mirrors. Back up as straight as you can. Do not weave back and forth.

OTHER POINTS THAT WILL BE CHECKED

- **DRIVING SPEED** — Observe all speed limit signs. Do not drive too slowly. (Example: The speed limit is 30 mph, and a driver is going 15 mph, holding up traffic, and causing an unsafe situation. Driving too slowly can be as dangerous as speeding under normal traffic conditions.)
- **CENTER LINES** — Do not weave back and forth across the center line. Stay in your traffic lane. If there is no center line, don't drive down the middle of the street or road.
- **RIGHT OF WAY** — Observe yield signs: When approaching a yield sign, slow down and check for traffic. Stop if you need to. Approaching an intersection: when a green light appears, be sure the intersection is clear of vehicles and people before moving your car. If there are no signs or traffic control signals and two vehicles arrive at the same time, the car on the right has the right of way.

FOLLOWING THE EXAM

When you return to the DMV, the examiner will discuss your test results. If you don't pass the driving exam, listen carefully to hear which driving skills you need to correct.

You may retake the driving exam if you don't pass. If you fail the driving exam after six attempts, the examiner will provide you with a Medical Report to be filled out by your doctor. If you are still having difficulty after several attempts, ask the examiner how to obtain an instruction permit after your driver's license expires.

PEDESTRIANS

Drivers and pedestrians are both responsible for traffic safety. Drivers should always be prepared to yield the right of way and should not drive unnecessarily close to pedestrians.

TUNNEL AND PEDESTRIAN CROSSINGS

A pedestrian tunnel or pedestrian crossing bridge should be used when available.

ROADWAYS

Pedestrians must only walk on a roadway if there is a sidewalk or shoulder next to it. Under these conditions, pedestrians should always walk as close to the outside edge of the road as possible. In two-way traffic, pedestrians should walk facing oncoming traffic. If a highway does not have a sidewalk but has a shoulder, pedestrians should always walk on the shoulder as far from the roadway as possible. Pedestrians should not walk on a roadway when under the influence of alcohol or other drugs.

PEDESTRIANS WITH DISABILITIES

A pedestrian with a disability who uses a guide dog, a white cane, a wheelchair, or other assistive device on a sidewalk or roadway, has the right of way and is granted the same rights as any pedestrian.

JOGGERS/WALKERS

Joggers/walkers should use jogging paths when provided. On public roads, joggers/walkers should select wide roads with good shoulders. They should face oncoming traffic and remember to look and listen for cars. At night or with poor visibility, joggers/walkers should be in well-lighted areas and wear reflective clothing.

MOTORCYCLES

Motorcycle riders have the same rights and responsibilities as other roadway users. Because of their size and vulnerability in a crash, it is important to pay special attention to motorcycles.

BICYCLES

On most roadways, bicyclists (including those on electric bikes) have the same rights and responsibilities as other roadway users. The following are important laws and safety tips regarding bicyclists:

- Bicyclists are prohibited on limited-access highways, expressways, and other marked roadways.
- Bicyclists must travel in the same direction as vehicles.
- Bicyclists should travel just to the right of faster-moving traffic. However, certain hazards, such as rough surfaces, debris, drainage grates, or a narrow traffic lane, may require bicyclists to move toward the center of the lane.
- Motorists must yield the right of way to a bicyclist just as they would to another vehicle.
- When passing a bicyclist, motorists must do so slowly and leave at least 3 feet of passing space.
- Crowding or threatening a bicyclist is prohibited.
- A motorist should not park or drive in marked bicycle lanes.

- When following bicyclists, a motorist should give them plenty of room and be prepared to stop quickly. A motorist should also use extra caution during rainy and icy weather and not use high beams at an oncoming bicyclists.
- After parking and before opening vehicle doors, a motorist should first check for bicyclists.
- When a motorist is turning left and a bicyclist is entering the intersection from the opposite direction, the motorist should wait for the bicyclist to pass before making the turn. Also, if a motorist is sharing the left-turn lane with a bicyclist, the motorist should stay behind until the bicyclist has safely completed the turn.
- If a motorist is turning right and a bicyclist is approaching on the right, the motorist should let the bicyclist go through the intersection first before making a right turn.
- Low-speed electric or gas bicycles must have a motor of less than 1 horsepower and must be operated by a person who is at least 16 years old.
- Low-speed electric and gas bicycles may only be driven on streets and not exceed 20 mph. They may not be driven on sidewalks.
- Low-speed and electric bicycles must follow all laws applicable to bicyclists.
- When a bicycle lane is properly marked on city streets, bicyclists should always stay within these boundaries. As bicyclists are riding in their designated lane, they should be aware of parked vehicles and the possibility that a motorist could unexpectedly open the door. “Dooring” occurs when a motorist opens the door without first looking or performing the “Dutch Reach” method. The “Dutch Reach” method is completed when motorists reach across with the hand farthest from the vehicle door when preparing to exit. By performing this simple method, motorists automatically turn their bodies to the vehicle door, forcing them to look for oncoming bicyclists or other traffic.

Illinois Bicycle Rules of the Road booklets are available at your local DMV or at ilsos.gov.

PARKING PROGRAM FOR PERSONS WITH DISABILITIES

The Office of the Secretary of State issues Persons with Disabilities license plates and parking placards to those who qualify under the Illinois Vehicle Code's definition for persons with disabilities and the Illinois Identification Card Act.

APPLICATION

To receive Persons with Disabilities license plates or a parking placard, you and your physician must complete an application. A licensed physician must certify on the application that you have one of the qualifying disabilities. The application also must include your date of birth, gender, and driver's license or state ID card number.

Applications are available from your local DMV or by contacting: Persons with Disabilities License Plates/Placard Unit, 501 S. Second St., Rm. 541, Springfield, IL 62756. Applications also are available at ilsos.gov.

PERSONS WITH DISABILITIES LICENSE PLATES

Persons with permanent disabilities may obtain disability plates for vehicles titled in their name. An immediate family member residing in the same household may obtain one set of plates if the qualifying person with disabilities does not own a vehicle and must rely on someone else for transportation. If a person does not meet the above criteria, they are only eligible for a permanent parking placard.

Corporations, school districts, and special education cooperatives that transport persons with disabilities also are eligible for disability plates; however, if the corporation transports passengers for compensation, the plates are not allowed.

PARKING PLACARDS

The Secretary of State's office also issues parking placards free to persons with disabilities. There are four different types of placards (see below).

METER-EXEMPT PERMANENT

Placards are **YELLOW-AND-GRAY STRIPED** and issued to persons with a permanent disability. Holders are exempt from paying parking meter fees. The placard expires in 2024 of the month punched.

PERMANENT

Placards are **BLUE** and issued to persons with permanent disabilities. Holders are **NOT** exempt from paying parking meter fees. The placard expires on the holder's birthdate in 2024.

TEMPORARY

Placards are **RED** and valid for the length of time indicated by the certifying physician, not to exceed six months if issued by the Secretary of State and 90 days if issued by a local municipality.

ORGANIZATION

Placards are **GREEN** and issued to organizations that transport persons with disabilities. The placard expires in April 2024.

IMPORTANT: The authorized holder of disability plates and/or a parking placard must be present and enter or exit the vehicle when parking privileges are being used.

VIII. TELESCOPIC APPLICANT ISSUED AND RECEIVED LENS ARRANGEMENT

In your professional opinion, is there any indication that the applicant **MAY NOT** be capable of safely operating a motor vehicle? Yes No

- The patient has been fitted for a prescription spectacle-mounted telescopic lens arrangement and has had this arrangement in their possession for at least 60 days before the application date: Yes No
- Date applicant received telescopic lens arrangement: _____
- Power of telescopic lens arrangement: (Telescopic lens(es) may not exceed 3X wide angle or 2.2X standard)
 Power reading: _____ Wide Standard
- The patient is safe to operate a motor vehicle during nighttime hours while using a telescopic lens arrangement: Yes No
 (Only applicable to drivers who meet the standards to be granted nighttime privileges as per Title 92, Section 1030.75 of the Illinois Administrative Code.)

IX. TELESCOPIC REQUIREMENTS

Has the patient completed all the following requirements **AFTER** the 60-day period of the new/current prescription? Yes No

- The patient has clinically demonstrated the ability to locate stationary objects within the telescopic field by aligning the object directly below the telescopic lens and moving the head down and the eyes up simultaneously.
- The patient has clinically demonstrated the ability to locate a moving object in a large field of vision by anticipating future movement so that by moving the head and eyes in a coordinated fashion, they are able to locate the moving object within the telescopic field.
- The patient has clinically demonstrated the ability to remember what has been observed after a brief exposure, with the duration of the exposure progressively diminished to simulate reduced observation time while driving.
- The patient has experienced levels of illumination, which may be encountered during inclement weather or when driving from daylight into areas of shadow or artificial light, and the patient has clinically demonstrated the ability to successfully adjust to such changes.
- The patient has experienced walking and riding as a passenger in a motor vehicle so that they have a practical experience of motion while objects are changing position.

REVIEW OF THE MOST COMMON LAWS NOT OBEYED

- Using a cellphone while driving, unless using a hands-free device.
- Wearing your safety belt.
- Coming to a complete stop at stop signs (no rolling).
- Coming to a complete stop when you leave your driveway, parking lot, or alleyways BEFORE entering the street.
- Stopping BEHIND the crosswalk at a stop sign or traffic sign.
- Slowing down when you see a yield sign.
- Curbing your tires when you park on a hill.
- Using your turn signals when you pull OVER to any curb and AWAY from any curb.
- Not backing over the center line of the street when leaving your driveway and backing to the right.
- Turning into the inside lane when you complete a left turn into a multi-lane street or road.
- Observing ALL legal speed limits: school zone—20 mph, on school days when children are present; city areas—30 mph, unless otherwise posted; alleys—15 mph; interstate highways—65-70 mph, where posted; most other highways—55 mph.
- Staying on your own side of a street or highway with no center line marked — not driving down the middle of the street.

- **Scott's Law**

Scott's Law was passed in 2002 in honor of Scott Gillen of the Chicago Fire Department, who was struck and killed by a drunk driver while assisting at a crash on a busy Chicago expressway. Scott's Law states:

- When approaching a stationary emergency vehicle or a stopped vehicle with emergency signals activated, slow down, using visual signals, yield, change to a lane away from the emergency vehicle, and proceed with caution. If a lane change is impossible, reduce speed and proceed with caution.

Construction Zones

- When approaching or entering a highway construction or maintenance area, slow down, yield to any authorized vehicles or workers in the area, change to a lane away from the workers, and proceed with caution. If a lane change is impossible, reduce speed and proceed with caution.

Zipper Merge

- You should be prepared to change lanes or to allow other vehicles to merge into your lane. You may need to adjust your speed and position to avoid a crash with another vehicle. When the road is not congested, you should merge into the open lane as early as possible. During times of congestion, it is advised for you to use both lanes to advance to the lane reduction point and merge at that location, alternating turns. This is also known as the "zipper merge," as two sides merge like a zipper.

Penalties for Offenses

- Fines up to \$10,000.
- 90-day to two-year driver's license suspension.

Emergency Vehicles

- When being approached by an emergency vehicle using audible and visual signals, immediately pull to the right side of the road and wait for the emergency vehicle to pass. If stopped at an intersection with two-way traffic, remain until the emergency vehicle passes.

Funeral Processions

Motorists encountering a funeral procession must:

- Yield the right of way to all vehicles in the procession.
- Not drive between vehicles in an organized funeral procession except when required to do so by a law enforcement officer.
- Not join a funeral procession to secure the right of way.
- Not attempt to pass any vehicle in an organized funeral procession except where a passing lane has been specifically provided.

“Emergency personnel, construction workers, and motorists in funeral processions deserve our utmost respect and consideration on the road. We need to be responsible, law-abiding motorists and yield the right of way to all emergency vehicles, slow down in construction zones, and use good judgment and respect when encountering funeral processions. Be a cautious and considerate driver and observe all traffic safety laws when sharing the road with others.”

— *Secretary of State
Alexi Giannoulias*

Motorists are required to stop and yield (rather than slow down or stop if need be) to pedestrians in a crosswalk where there are no traffic signals.
